A prominent citizen and leader in politics threw us a bouquet the other day while in our store. "What a singularly neat store you have, everything so up to date, and you seem to carry nearly everything," he remarked.

It is all quite true our stock is new, fresh and up to date, and we do carry almost everything. Just try us and you will find we are quite correct in our assertion.

ONOMEA

LOSES \$150,000.

Boiling house and 15,000 bags of sugar burned at Onomea--Mrs. Raymond gives card party.

TO TAKE PASSENGERS FROM KAHULUI.

American Hawaiian Steamship Co. will carry passengers direct from Kahului to San Francisco--Work of Board of Supervisors.

ONOMEA LOSES \$150,000 BY FIRE.

On Monday Mr. George Robertson of C. Brewer and Co. received two wireless messages announcing the loss on Saturday night by fire at Onomea of the boiling room and fifteen thousand bags of sugar.

He was at the residence of Manager C. B. Wells of the Wailuku Sugar Co. at the time and prepared at once to go to Hawaii to investigate. It has been learned that the fire started in the trash nearby.

The vacuum pan and evaporator were left standing. It is believed the boiler is unharmed.

Mr. Hedeman of the Honolulu Iron Works and A. K. Gurry for the underwriters went to Hilo by Wednesday's Kinau.

The loss will not fall heavily upon the plantation as it was fully covered by insurance.

The building and machinery was insured by C. Brewer & Co. for \$21875, Hawaiian Trust Co. \$13000, Castle & Cook \$17750 B. F. Dillingham \$13000, Waterhouse Trust Co. \$8750.

The sugar was insured for \$40000 by the Hawaiian Trust Co. \$2000. By McFarlane and \$10000 by M. A. Ginbam & Co.

A further loss that many seem to have lost sight of will be the loss the plantation will suffer in being unable to grind its cane.

Only a short time ago the steamship Co. took a contract to carry freight to and from the plantation for less than the railroad people could do it and thus shut out the building of the extension of the road.

Had the road been given the contract for carrying the freight all the cane in just such an emergency as this could have been carried to another mill and ground at very little expense.

MRS. J. H. RAYMOND ENTERTAINS.

A greatly enjoyed progressive pedro party was had at the home of Mrs. J. H. Raymond on Saturday of last week.

By seven-thirty o'clock the invited guests began to arrive and by eight o'clock the eight tables were filled with players intent upon winning.

As the games progressed the interest became intense and when the eighth progression was finished Mr. F. Hons of the Kahului Railroad office was found to stand at the head of the list with Thomas Cummings a close second, each of whom won and was presented with a handsome prize.

The booby prize created much merriment as it was a large lobster and the winner Mrs. J. N. S. Williams seemed to enjoy the joke quite as much as any.

Those who lost out the cards for the consolation prize.

Miss Anna Streubeck, District Magistrate W. A. McKay and J. N. S. Williams each cut aces on the first cut and as the judge cut an ace the second time he was an easy winner.

Among those present were Mrs. Von Temsky, Mr. and Mrs. J. N. S. Williams, Ferdinand Hons, Mr. Cook, T. A. Lloyd, Mr. and Mrs. R. A. Wadsworth, Mr. and Mrs. E. Moller, Mr. Muller, Mr. and Mrs. H. Streubeck, Miss Anna Streubeck, Mr. and Mrs. Copeland, Mr. and Mrs. George B. Sturgeon, Mrs. C. D. Lufkin, Mr. and Mrs. W. A. McKay, Mrs. Ella L. Austin, Mr. and Mrs. H. M. Coke, Mr. and Mrs. L. M. Baldwin, Mrs. A. N. Kepoikai, Mr. and Mrs. Thos. Cummings, The Misses Nancy and Mollie Cummings, H. B. Weller, Chester Doyle, Mrs. D. F. Nicholson and others whose names can not be recalled by the reporter.

After the games were played excellent refreshments were served and all agreed that the event was a thorough social success.

TO TAKE PASSENGERS DIRECT FROM KAHULUI.

A matter that will be of great interest to all of the people of Maui is the announcement that all the Hawaiian American Steamships have recently taken out a license to carry passengers, and beginning with the return trip of the Nevada to Kahului she will carry passengers.

Heretofore all the people of this island have been at the loss of time and extra expense necessary to a trip to Honolulu and were often disappointed on reaching the city in finding all the accommodations already engaged.

From now on a trip this will be changed and those wishing to come to Maui may do so with less expense than formerly and those who wish

to go to the Coast may know before leaving home whether or not passage may be had and will be able to make a quicker trip than heretofore.

BOARD OF SUPERVISORS.

The board of supervisors held their regular monthly meeting this week in the board rooms. Among the bills passed was one from the Inter-Island Steamship people for carrying prisoners and a police office from Pukoo to Honolulu.

This bill is the one that the supervisors returned twice for correction as the company attempted to charge the county five dollars for each passage whereas the usual charge is but two dollars. The company after trying twice to get their exorbitant bill paid sent in a bill for the usual amount which was ordered paid. A committee from the Wailuku District Improvement Association waited upon the board to represent to them what was desired by that organization and ask that assistance be given in making permanent side walks through Wailuku. It seems to be the policy of the Association to urge property holders to pay for the material used and urge the supervisors to lay out permanent walks, fix the grade and have them order the sidewalks properly curbed so that they may be uniform.

This seems fair and reasonable and the owners of property will make a good investment by completing their part of the work.

The bill of the Hawaiian Star for printing was returned for correction to the Territorial Auditor as he had ordered the work done without authorization and it was noted that their charge, with freight charges added, was over thirty per cent higher than the amount charged for some of the same work done previously by the Maui Publishing Co.

A communication was received from the board of health asking the supervisors to designate dumping grounds for Lahaina and Wailuku.

The grounds chosen for Lahaina are the grounds now in use and the ones chosen for Wailuku were the grounds given by Honorable H. P. Baldwin at the request of the Wailuku District Improvement Association and fenced by funds secured by subscription.

A resolution authorizing the macadamizing of the road from Camp Two and Camp One of the H. C. & S. Co. was passed.

All road overseers were appointed constables without pay.

An application was received from M. H. Reuter asking to be appointed sanitary inspector for the district of Hana.

A petition was received from the residents of Peahi asking that a road be opened for the benefit of those living makai of the present road. This matter was referred to the County engineer and will be done in all probability in the near future.

ARRESTED FOR PRACTICING MEDICINE WITHOUT A LICENSE.

A Japanese by the name of Tsumi was arrested on last Friday night by Chester Doyle of Honolulu and charged with practicing medicine without a license.

He was arrested by Sheriff Saffery.

The defendant was brought to Wailuku where he employed Council to defend him.

For some months the authorities had reason to believe that this man was practicing medicine and Chester A. Doyle was detailed to the work of catching him.

On coming to Maui Mr. Doyle secured the services of a local Jap and with Sheriff Saffery went to Paia at night and through the door saw the defendant place the sick Japanese on an operating table and overheard the conversation between the men.

When he had satisfied himself that what he had seen and heard was sufficient to warrant the arrest of the would be doctor he entered the house and had him placed under arrest.

At the trial no evidence was put on for the defendant and a fine of two-hundred dollars was imposed. An appeal was taken and the case will be brought before the Circuit Court.

HONOLULU, Feb. 9.--Atkinson will assume authority as governor on arrival of Alameda today.

CHICAGO, Feb. 8.--A great supply of coal is being gathered in this city in anticipation of a strike.

LONDON, Feb. 8.--Chamberlain has announced that he will accept the leadership of Balfour.

WASHINGTON, February 6.--Patterson of Colorado has caused a sensation in the Senate by the introduction of a resolution declaring that it was a violation of their oaths as Senators, and of the Constitution of the United States, for the caucus to attempt to coerce Democrats to vote against the treaty with San Domingo. Patterson says that he intends to join the Republican party.

A cablegram from Washington on the afternoon of February 3 announced that the Democrats had agreed to oppose the ratification of the treaty with San Domingo, and although it was not so positively stated, this agreement was probably the result of caucus action.

Cable dispatches of a date one day latter said that the votes of four Democratic Senators would be needed to pass the treaty, and as the Democrats had agreed to oppose its ratification this looked as though the President would lose in his fight with the Senate on the proposition.

With Patterson breaking away from the caucus and evidently intending to defy it, this is not so certain. Thomas Macdonald Patterson was elected to the Senate from Colorado by the joint votes of Democrats, Silver Republicans and Populists in 1901, having previously served in Congress and held other high positions, and upon taking office announced that he would enter the Democratic caucus.

In all his political career he has never acted with the Republicans, although he once helped to carry Colorado for Weaver against Grover Cleveland. He has always been an ardent, free silver advocate.

WASHINGTON, February 6.--Secretary of Commerce and Labor Metcalf has approved the report of the commission appointed to revise the regulation for the admission of Chinese into the United States. The Bertillon system for the examination of applicants for admission will be abandoned, and more moderation and consideration will be shown in handling Chinese who arrive in the country. It is believed that this amelioration of the enforcement of the act will check the boycott in China.

ABERDEEN, Scotland, February 5.--The British bark Danbritton, from Hamburg via Leith for Honolulu, is reported to have foundered off May Island. Fishermen assert the vessel is probably dismasted and may be saved.

HONGKONG, February 5.--Owing to the insufficiency of the police, foreigners here are apprehensive.

PEKING, February 5.--Responding to anti-American influence, Viceroy Chi Li has discharged Professor Tenny, Director of Education. The boycott of American goods is reviving.

Judge A. N. Kepoikai has been requested to run for the Bulletin's Automobile prize. The judge is all right and we will gladly give him our vote.
